

REMARKS

The nucleotide and/or amino acid sequence disclosure contained in this application was not in compliance with the requirements for such disclosures as set forth in 37 CFR 1.821 - 1.825 because the claims that read on sequences identified in the specification on pages 8 and 12 were not identified by a sequence identifier. Applicants have complied to this requirement by submitting replacement Tables 1 and 3 herein which contain the required sequence identifiers.

Applicants have also submitted herewith an amended replacement drawing Fig. 4 containing the sequence identifier in compliance with 37 CFR 1.821 - 1.825.

Please enter replacement Tables 1 and 3, and replacement Fig. 4 in the above-identified patent application.

Respectfully submitted,
